"One Who Serves"

Greetings to you. "One Who Serves" here to assist you in any way we can and as we always say we love getting together in this way and are very much looking forward to the time to be with you in even more profound and personal ways. This is certainly coming. But for now we are going to address those who are certainly having some difficulty in understanding the energies coming your way now and where they fit in the whole scheme here.

We say over and over that it is about orchestration. It is about coming together and orchestrating this entire program. Each one of you is a part of this orchestration. You must come to understand that.

There is no one bigger or smaller in this whole process. Everyone just is and everyone is a part of the Great Creator, the God Source. Everyone has their part to play, be it a big one or a small one. It matters not. Everyone that resonates to these words as they are given now, whether you are on the call or if you are here in person, you are considered the Lightworkers and the Light Warriors. You are going to be experiencing more fully and most fully this particular Ascension Process as it continues on.

That is not to say that there are those who are not Lightworkers who would not ascend. They will as well. As a matter of fact, the largest part of humanity is going to go through this Ascension. There will certainly be those who will not by their own choice.

There are those who are known as the Cabal or the various Dark Forces. They have been given the choice and will be able to make their own choice and some are, even now, moving into the Light. They are renouncing the Dark Force within them and they are finding the Light within themselves and they are moving in that direction.

There are also those who have been given this choice and they have decided to stick it out to the very end and do all that they can to take down as many as they can. That is their choice as well. They will be dealt with in the respect that they are dealing with others. So it will come back to them in a cause and effect type of situation.

But don't be concerned about that! The idea for all is to find forgiveness. To be in a loving environment as much as possible and to find forgiveness for all. That is all across the entire planet, no matter what they have done. We know that this is very difficult, for some have harmed you at a personal level. It is difficult to forgive and forget.

We are not saying to forget your pain or anything of this nature. We are saying to move on past this. We are saying forgive those who are having a difficult time forgiving the light within them. Everyone has the Light within them. Some it shines more brightly than others.

For those of you who resonate to these words, your Light shines brightly within you and has for many lifetimes here. In this particular lifetime it has burned brightly and is now the Violet Flame within you.

The IAM presence is coming back into the understanding of man. It is engulfing and taking over, in many respects, the lower personalities within you and the ego centers for the lower part of yourself.

So, everything is proceeding exactly as it needs to and everything is in the Perfect Now. The more you come to understand that you are in the Perfect Now in the moment, you will be able to go with the flow here. That is what we recommend. Go with the flow. Be at peace. Be in the now. Everything will work out exactly as it needs to. OK?

Shanti. Peace be with you. BE THE ONE.
