One Who Serves

Ommmmmmmmmm

[Group joins in with the chant]

Ommmmmmmmmm

Ommmmmmmmmm

Ommmmmmmmmm

Om Mani Padme Hum

Om Mani Padme Hum

Om Mani Padme Hum

Om Om

There is an echo here. Ommmmm Ommmmm.

[Laughter]

Wonderful! We enjoyed that. That's good. You sounded just like us.

[Laughter]

Wonderful! How do you feel now?

GROUP: High as a kite?

OWS: High as a kite?

[Laughter]

This is a good high though, is it not?

GROUP: A natural one!

OWS: A natural one, yes! [inaudible] I must tell you. You will find the time is coming. You will find other ways, but they will be legal and everything will be okay.

[Laughter]

Remember, even Yeshua himself, he drank wine, right?

GROUP: He made wine!

OWS: He made wine too. Yes. That is the best. Yes. Can you imagine if you could do that, take water and make it into wine? Don't need to go out and buy your wine anymore. Just have it here. Yes.

We are having good times. We are ready for good times and we are going to do these chants here now. We are going to attempt to do it—to use this one's voice here as best we can and see how it goes here. And we will do what we can to modulate this voice, so that there is not difficulty maybe as there was last evening. But we will see here.

But the James was asked to give you the back story of this somewhat, and there is much more. We are not going to go into the long story here about this, but just that it is all part of the journey. And not only that was part of the journey, but you are all on a journey. You are all on your own journey. You are working toward much that you came here to do. You each one have a mission here. Some of you already know what that mission is. Some of you are just beginning to come into understanding of it, and some have not yet. But it is going to be revealed to you by your Higher God Self, as these things things continue to move on.

And what you are doing here this weekend, is to help you prepare for all of this. To get your vibrations going here. To get your blood boiling. All of this stuff here. To get you into a place, prepared, acclimated, and everything for these energies, so that as these energies continue to come in, it will not floor you. It will raise you up. It will let you soar into the heavens of your own Higher Self and your Spirit within you.

So everything is being planned. Everything is being orchestrated, and you, my dear friends, are all part of this great orchestration and this great plan. We want you to know that. We tell you that many times, but we want you to fully believe that you are a part of this. Even the ones of you that never say anything. That you are very quiet and passive, and that is okay too, because you are here. And you are spreading the Light without your even knowing that you are spreading the Light.

So, okay, we are going to begin the chants here. And we are going to just do them for you once here, and then we are going to ask you each one, including those of you on the phone, to do it to yourself, as best you can, and to go along with this. And with each time you do it, feel the raising of the vibration within you. That is what is important here, is raising your vibrations.

This is a tool. A tool to do this, a tool to raise your vibrations. We have purposely held this off until this time for so many of you because it was not yet the moment for you to have this high vibrational frequency to begin to work with, but now is the time for this.

There are so many things that are in the works, so many things in process here, and this is just to continue to help prepare you. To give you the tools, to assist you in everything that you are going to come about to do here. Okay?

The first part of this is we are going to do the full, what the James calls here, the Yadee Yalla Souaba and this is the old soul and it goes:

Old Soul, Old Soul, wherein we return
Wherein we return as one together
Seeking Thy Light
Serving Thy Light
Knowing Thy Light
Making known thy hand print within the earth
Where Thou hast placed
Where Thou hast placed
Thy Sacred Seal within man's Heart
Where he would open
Where he would know
Remembrance, remembrance forever.

So this is the Old Souls coming back together again, remembering the Ancient Knowings, the ancient memories, all of this coming back together. This is the Ancient Awakenings. Awakenings of the Ancient Memories within you. This was why it was given to the James here—to reach out. This is a vibration. Ancient Awakenings directly is a vibration. It sets a vibration, and this vibration reaches out to all that are ready to receive it.

Some of you have said when you joined this group, you say that you were guided here. And, yes, many of you were guided here, in many different ways. So you are here, and this is how the Mother Tongue in Lemurian Language went here.

Wonderful! How do you feel?

[Subdued audience reaction]

Everyone feel good? Raised vibrations. Feeling the energies flowing through you? Some may be feeling the rising of the kundalini. You feel re-energy in your spinal column, the electric feeling. Anyone here?

GROUP: Yes, I'm burning.

Yes, very good, very good.

This one is losing voice here somewhat, but we will spirit up to continue here. Now we are going to give the seven a chance that came from this Yadee Yalla Souaba. That as the James said, he received little by little here. Until it was all put together.

This was not only designed to be able to find the records, but to find the records within, and to raise the vibrations enough so that the memories could return and so that those ones that were there could begin to move into those higher vibrations and therefore, unlock the key that was set.

There was actually a key. An etheric key you would say, that was set at that time. An etheric lock, rather. And the key was needed to open this lock. The key being a combination. Not a combination like you know of in your locks today, but a combination of vibration, different tones could be used to open up that lock that was set so that there was protection for these records. Because it was not time. It is still as of yet not time to have these records. Although if those ones that have been working toward this and had been successful in finishing this, they would have the records in their possession and would have kept them from those of the dark forces from receiving them until the right time.

But for now, we begin here.

The first is the “Call to the Earth.” The call of the Spirit of the Earth, and it goes:

Ahhhhhhhheeeeeeeeeummmmmmmmmmmmmmmmmmm

Everybody,

Ahhhhhhhheeeeeeeeeummmmmmmmmmmmmmmmmmm

Keeping doing it and as you do it, feel the Earth, feel the Earth’s energy as you do this:

Ahhhhhhhheeeeeeeeeummmmmmmmmmmmmmmmmmm

One more time.

Ahhhhhhhheeeeeeeeeummmmmmmmmmmmmmmmmmm

Very good! And the next one is

Ahhhhhraaaaaammmmmmmmmmmmmmmmmmmmmmmmmmm

This is the waters. The waters. You have the earth, water, fire, and air, for the first four.

This is the “Waters.”

Araaaaaaaaaammmmmmmmmmmmmmmmmmmmmmmmmmm

Araaaaaaaaaammmmmmmmmmmmmmmmmmmmmmmmmmm

Araaaaaaaaaammmmmmmmmmmmmmmmmmmmmmmmmmm

Notice as you do that, and we purposely use the last syllable, the mmmmmmm at the end there, to build the resonance there, to build the vibration. Do it again now. This time, feel it at the end there as you do the third syllable here.

Araaaaaaaaaammmmmmmmmmmmmmmmmmmmmmmmmmm

Did you feel the resonance within your body at that point? As it resonates with those parts of your body, this is designed to reach into your body. To reach into your physical form, and work on this. This is also a DNA process.

You may not know this, but we are going to share it now that you are going to be working with your DNA here—downloads as you call them. To begin more and more to reconnect various parts of your DNA. This is one way to do this.

You can also do this with crystals and other tools that are available, and more that are going to become available. But it is mostly involved with sound and vibration.

Oooooooooooooommmmmmmmmmmmmmmmmmmmmmmmmmmmm

Now generally, you would continue to do these again and again and again, and continue to raise the vibration and feel the resonance to continue to raise higher and higher within you, but we are going to not do this because this one's voice is going here. And we cannot continue too much longer here. We have already taxed the system. But we appreciate all of your assistance here.

Working with this and this is for preparation here. Preparation for what is going to happen in the rest of the times here for this weekend. Certainly what is going to occur tomorrow evening when we attempt, and we say attempt, here, because this has never been done, as we are going to do it here. It was done with a small group long ago if you remember here, with your Bible and all of this. But we are going to attempt to do this as a large group and even over your phone contraption here, and do the best that can be, but we know from understanding how the vibrations work here that it will have an effect on all that participate in this, and more importantly, all that believe that what they are getting here as we do this, it is really happening.

As soon as your belief system begins to fade though and you begin to say to yourself, "I am not really not doing this, it is not really happening. There is not really a dove or a flame over my head." or whatever it might be. As soon as you get that thought, then you can forget it. It has dissipated for you. So we are going to built up to that though tomorrow evening. This is all designed to build up to that process.

Also, that which the one here, the little one here, Randi Joy, is going to be doing with you, this is all part of the process here as well. It is not by happenstance that she just came up out of willy-nilly land with something to do here. This has come with the times. This is not what it is. It is real. It is an expression of Love. It is an expression of *Vibration*, that she is going to be bringing to this process here. We are fully behind what she is doing and she has great, not only protection, but she has great guidance through this whole process here.

So all of this is designed to work together this entire weekend. If you miss one of the particular programs, well then you are out of luck. No, that is not true. We are joking here. [Laughter]

Those of you on the phone think, "Oh my goodness! I've got to make every single session." We would like you to, but you do not need to. That is okay. Just be what you are and what you are is wonderful and perfect, just as you are. You are wonderful, perfect, and whole within yourself. Within the Source that is working within you and bringing your awakening to higher and higher levels here. Now we would ask those here in the room, not so much on the phone here because it is difficult to hear sometimes what you are saying now, because of the use of the different system here that they are having to use.

But those of you on the room, what you are going to say is most likely what those on the phone would also say because many of you have had similar experience to this. So we would ask those of you in the room, "What did you experience as you first heard the *Old Soul, Old Soul*, in the English language here? What did you feel in this, first of all?"

GROUP: "The warmth of feeling of coming home."

OWS: We will repeat what you say so those on the phone can hear. “The warmth of feeling of coming home.”

Yes, anyone else?

GROUP: “I felt my heart opening and blossoming.”

OWS: Your heart opening and blossoming, yes!

GROUP: “Tear of joy.”

OWS: Tears of joy.

GROUP: “A connection.”

OWS: A connection. Yes, you are all connected. You have no idea yet, those of you in the room, those of you on the phone, those of all of you in Ancient Awakenings, you have no idea yet fully of the connection that you all have. It is going to be a wonderful reunion when those of you are together with all of the others that are waiting in the wings, you might say, to be a part of all of this. So get ready!

Others here, anybody else for the *Old Soul, Old Soul*?

GROUP: “Heat, great heat.”

OWS: Heat, great heat. Very good.

Now we move on into the Mother Tongue. The *Yadee Yalla Souaba*. Did anyone resonate to this? Did it bring back memories of when you may have already chanted that in past times?

GROUP: Yes.

OWS: Now we are going to give you a little bit of information here. Some of you may have already been feeling it.

That particular chant, the *Yadee Yalla Souaba*, the *Old Soul, Old Soul*, many of you, not all of you, but many of you actually sang that in those times back then. You actually did because it was a way to put the vibration out there so that the old souls could be reunited again. And many of you put that vibration into the etheric element at that time to be retrieved, you might say, at this time now. So you have retrieved that vibration. This is what has drawn you back here to your family. Many of you call this your family. That is not happenstance that you are calling you all family here. You are not just a group. You *ARE* a family. And this is why you, many of you get along here so well together, and we marvel at this. This *Oneness* that is being developed here.

Now we move on to the chakra chants themselves. What did you feel when you began the first one, the earth chakra. The Ahhhhhhhheeeeeeeeeummmmm sound?

GROUP: Energy coming from the core of the Earth.

OWS: Yes. Did you feel that coming up in through your feet and up into your body. Did you feel the connection with Mother Earth?

GROUP: “I felt like a tree.”

[Laughter]

OWS: A tree, yes. Your roots.

GROUP: “I felt like I was expanding, expanding, expanding.”

OWS: Yes. Wonderful. Wonderful.

Anyone else?

GROUP: “Activation.”

OWS: Activation. Very good.

Now we are not going through each one here, but as you went through the seven fully at the end there, did you feel a rising of kundalini. energy? Did anyone feel that?

GROUP: “YES” everyone in unison.

OWS: We have an affirmative across the board here for the most part. So for those of you on the phone, there are many who are saying YES. And we look into this and we can see some of you were nodding here. Now those here cannot see that, of course, but we can, and you were nodding and saying “Yes, yes. We felt that too.” So we do not want to leave you out on the phone. We are assuming they are still on the phone, no? Are they still there?

PHONE: Yes. We are still here, can you hear us? Hello. We’re here! [Tremendous response]

“I saw a tree. A blossom tree was huge and many people who sat underneath it while you were chanting. “

OWS: Very good. Yes. Someone here also felt that they were a tree. Very good. And we are hearing you loud and clear on the phone here. So that is wonderful. Is there anyone else that would like to say something from there?

PHONE: Yes, I saw, when we did all seven together, there was a huge ship over us and all this light just kept coming down activating through all the chakras. It was awesome!”

OWS: Very good, very good. Yes.

PHONE: “Vibrating, incredibly vibrating all the way up, almost like a sharp spike go up my back and my whole body was vibrating.”

OWS: Yes. That, my dear, is kundalini. energy activating, yes. Very good. And we would say to you that it is activating the kundalini. energy in a very safe manner. There is no need to be concerned about activating it too quickly or anything of that nature because you cannot do it when you do it in this way. You cannot activate it.

Very good. Does anyone else here wish to share there on the phone here?

PHONE: At the third eye, I began to cry. And I just heard, “Eyes to see, ears to hear. Eyes to see, ears to hear. Eyes to see, ears to hear.”

OWS: Yes. Wonderful. Very, very good. Anyone else?

PHONE: Well I saw a vision which was the great big tree, which was a massive blossom tree with lots of people were sat underneath it. Many were dressed in white, long, long white robes, but sat on like grass. It was beautiful.”

OWS: Yes. Very good. Anyone else here?

GROUP: “I saw a vortex around the whole house.”

OWS: Someone just said here in the room that they saw a vortex around the entire house here. Very good. Yes, there is, exactly that. A vortex has been created here, which is helping with the process and will help with the continuing process of this entire weekend here. This is in some cases our doing in creating this, but you have activated it and made it even stronger here. You will understand why there is a vortex later on this weekend here. Get ready, because there could very well be a nice show here.

GROUP: “I felt a wholeness, a oneness.”

OWS: A wholeness, a oneness. Yes. Good.

GROUP: “Even before we got to the pineal gland, I was seeing in my third eye, it would start a blue [noise interference]...”

OWS: Yes. Pulsating lights. Colors, yes. Very good.

Anyone else?

GROUP: “I experienced sensations, along with the vibrating also sensations of a cold and a hot at different times.”

OWS: Yes, sensations of cold and hot. That is often an indicator of kundalini. arising as well. Did anyone feel electricity?

GROUP: [Group response positive.] Yes!

OWS: Electricity all through your body. Yes. This is an indication of kundalini. arising.

GROUP: “I felt like an energy that was pushing from the bottom up and when it got to the top of my head, like a membrane was like a [inaudible] like a wide membrane held up.”

[all talking at once]

OWS: We could not quite understand, so we cannot share with those over the phone here.

GROUP: “It felt like a little white veil, very thin and transparent.”

OWS: White veil. Yes.

What would that be?

GROUP: That was a compression breakthrough.

OWS: Yes. A compression breakthrough. Where have you heard that before, those of you? You are in *Prepare for Change Group*, that comes from the one known as Cobra. Compression breakthrough. That is Cobra. It has nothing to do with the snake. Just so you know.

[Laughter]

Compression breakthrough is when the forces from above, then the forces from below, the forces of Light from above, and forces of Light from below compress onto the surface of the planet and compress out all the remaining darkness. That is what this is about. And what happens when Light comes into dark? It illuminates the darkness. So there can never be enough dark to darken out the Light. But even just a pinpoint of Light could illuminate an entire room, you see?

This room is full of Light!

GROUP: You can see compression breakthrough in a seed when it first bursts out to let its roots begin to grow.

OWS: Yes.

GROUP: Another compression breakthrough happens when it reaches the surface just as it gets to the top and comes above the darkness into the Light.

Another compression breakthrough is in the womb when an egg is fertilized, there is a compression breakthrough where Light is released.

OWS: Very good! We like that. That is very good. There are many compression breakthroughs. Yes.

GROUP: It's really to me like creating. It's creation is when that happens because a seed is a beginning of life.

OWS: Yes.

[Inaudible in background]

We know that people cannot hear you on the phone. But you are only speaking to those here in the room.

GROUP: Okay.

OWS: Loudly. Speak out!

GROUP: A big 5-inch black top and in the spring, all of a sudden, the top starts to bow. Eventually it opens up.

[Inaudible]

[laughter]

OWS: Ah yes! You wonder sometimes where you look especially in your desert area, those of you from the Phoenix area, and you see a little sprout coming up in the rock, and you wonder, there is no water getting into it; how does this thing come up? It is nature. Nature will always find a way.

GROUP: Another compression breakthrough is when a baby is about to be born and the water breaks, and that same membrane, like you were saying, that membrane opens and the baby moves through the portal. Then another compression breakthrough is when the head actually comes out and there is the light from the darkness.

OWS: Now, we will take this all the way back to the beginning of the beginnings here. In the compression breakthrough that happened then, or there was only darkness. There was only *unmanifest*, and *unmanifest* decided to become *manifest*. Decided to *bring on the Light*. *Let there be Light!* Light was manifest creation. Created by the sound. The word. In the beginning was the word. And the word was of God and the word was God. The Ommmm sound. Again, not directly as that, but imagine what the God Source, Prime Creator would sound like? You see? You think we can Om...

[Laughter]

Think what Prime Creator can do. You see?

GROUP: You just explained the Creation.

OWS: Yes! How about that? It is very simple, is it not? There is only man that has made it very complicated. Adam and Eve story and all of these things. You know?

GROUP: And that was created by sound.

OWS: Yes, sound. Sound was the beginning. Vibration. Better than sound, vibration. Yes. And have we not said over and over and over, everything is vibration. Everything is vibration and consciousness. Vibration leads to higher consciousness and higher consciousness leads to higher vibration. You see? It is all intertwined. Very good. Very good.

What time do you have here?

GROUP: 12:18

OWS: Twelve eighteen, very good. We are going to release channel here now. And we do not want to overtax the system here. It is good that there is a break between this time and this evening time for this one to literally catch his breath, you might say. And to work through this and we will again attempt to do this again, not these chants again. That was probably too much here for this one, but we are going to do what is planned for this evening and then, you are going to have this afternoon, that we are understanding though, we are finding the James is over there telling us now this is not for the phone audience here at this 3 o'clock time. Is that correct?

GROUP: That's correct.

OWS: This will only be for those here in the room because of the necessity of it being just with the people that are gathered here in person. But the rest of the times will all be for those of you on the phone as well. So you will be back to join us again at the 8 o'clock time as the Arizona time here. Is that correct?

GROUP: Yes.

OWS: Very good. Then we sign off. We leave the building. Whatever you want to call it.

Shanti, peace be with you. Be the One.
