## **You Are The Future Of This Planet**

Saint Germain and One Who Serves as channeled by James McConnell

*These messages were given during our Sunday morning April Advance in Payson, AZ on April 22, 2018. (Article may be reproduced in its entirety if authorship and author's website is clearly stated. Please make sure to include the question/answer portion as there is much wisdom imparted.)*

### *Saint Germain Guided Meditation*

[Dictation begins following a group meditation]

### *Saint Germain*

I am the Saint Germain, [Laughter] if you did not know.

I am the Violet Flame.

I represent the Violet Flame, but even more than I representing the Violet Flame, you represent it. You represent the "I AM" Consciousness here on this planet. Each and every one of you, each and every one of us are the "I AM" Consciousness. It is not separate from us. It is ONE with ALL OF US.

Together we are moving to spread this consciousness, this vibrational frequency that is increasing and increasing and increasing each and every moment of each and every day.

If you could but see it from OUR point of view, you would see the LIGHT coming on everywhere. You have no idea, and you have no idea of the Power that you all hold. You held much before this Advance, but you hold much, much more now.

And as you hold and Anchor this Light, this Power within you, you can now go out and share and spread this Power, this Love, this Light. It is all One and the Same.

It is no longer the love of power, it is now the Power of Love. Think of it that way and BE that Power. For you each one HAVE that NOW.

Even if you did not participate in the experience last night, even if you did not, you are still ONE with this GROUP! And as ONE with this Group, you all are given now the Ability, the Power to reach out to ANYONE that is within ear shot. Meaning they are open to the whispers that can come to them. Do not shout to them. Whisper to them. Let them hear your whisper, just as WE whisper to you.

Yes, there are times when you do not hear the whispers, and then We have to begin to shout—just as you may do so as well as the times move along and as the Frequencies continue to rise.

You are the future of this Planet. You and all of those of you that are anchoring and then sharing the Light. You are all the future.

The children coming in now are the future. You are preparing the way for those children, just as you are preparing the way for yourselves to continue on.

And for all of those that have not yet awakened, but are at the thresholds of coming out of that sleepiness, that deep sleep that so many are in still, yet their alarm clocks are beginning to go off. They are beginning to arouse from that slumber. They are beginning to

realize that there is something more that is here. Something more than just the day-in-day-out drudgery that many live through every day. Many of you live that yourselves at times. You all know, life is not drudgery. Life is Beautiful. Life is Joyous beyond what you can possibly imagine.

But as you continue to imagine it, as you continue to visualize that which is the New Life and you are creating, that New Life in front of you. You are creating the New Golden Age of Gaia, right here, right now, in this moment and in each and every moment following this.

Know that you have the Power. You are Powerful beyond measure. Always know that.

I am Saint Germain. I leave you now in the "I AM Presence" within each of you. That "I AM Presence" continues to fully awaken within all of you and all of those that you come in contact with as it is called for.

### *One Who Serves*

Om Mani Padme Hum. Om Mani Padme Hum. Om. Om. Greetings to you!

One Who Serves here, and yes, Moses is here. Yes. And we continue to work with you, of course. We have much to give on much of what you have been discussing and all of this.

You are on a track now. You have changed direction, you might say. You have changed direction, but we knew all along you were going to change direction. So only the James did not know this. We did not tell him. He had to come to this himself based on and following those of you that brought the understandings to this group, to bring about this new direction, or re-direction here. Because, yes, it is true, we

have said this before and in some cases it fell on deaf ears because it was not time for this. It was not the *Divine Timing*.

We did say that you did not know this group or those that were with the James previously, did not know how close they were to finding those records—finding those records within first, of course, and then finding the records that are there. Yes, there are solid records there. They are physical records, but they are not accessible in your physical way of thinking here.

They are not accessible to you in your Third Dimensional Paradigm and within this illusion. You must step out of the illusion. You must step through the veil that is no longer there and you must step through that and know that you have moved into Higher Vibrations, and therefore, a *Higher Dimension*. Even if only momentarily that you can slip from this *Third Dimension* into the *Higher Fourth Dimension*, and even into the *Fifth Dimension*.

And at that time, in that moment that you have made that shift, that 90-degree phase shift in the moment, you will discover those records. That is a promise. If you are able to come to that level of vibration, and yes, that crescendo that is necessary to reach the highest of vibrations within you, and feel the resonance inside of yourself from those vibrations of singing those chants. That will bring you to those tumblers as has been spoken of as James has said, and they will be the key take you to the next step that is awaiting you.

We speak of even beyond the records here. All of this is a process. All is being orchestrated, and it is preparing you to be in the *Divine Timing* that is necessary to recover those records.

Many of you that are in this group, both here in the room and on the phone, many of you participated in those ceremonies that were spoken of, that were read about here. Many of you were there. Only one of you was one that went into the cavern though, into the Secret Place of the Thunder there. We cannot say who that one is, but that one will come forth and be a part of your expedition there as you continue this process that was started long, long ago.

It was started back in the Lemurian times and then picked up again in your 1960s with that other group, and then picked up again in the early 1990s with the James and his groups, and will be picked up again now with the group that will form for this purpose.

So much is in front of you. So much is possible and probable if you follow the guidance. Not the guidance from us. We will help to guide you. We will nudge you along, but the guidance from within each and every one of you, and the trust that is necessary to be able to ascertain what will be needed to open the Secret Place there—to open the entrance to your *Higher Vibrational Body* at that point. Possibly needing to be an *Etheric Body*.

But we are speaking now of raising your physical body into *Higher Vibration* where you will then be able to open the Seal and walk through it. And we say walk with your physical body. Okay?

Are there questions here now?

## *Q & A*

*Q: If I understand correctly, you said that by increasing our vibration, it allows us to access what is known as the physical record? And if we increase our vibration to Fifth Dimensional Consciousness, it allows us to access those records. So does that mean that we are changing our bodies to the frequency of the Fifth Dimension Light Body, creating more of a Light Body?*

*OWS: Not for the whole time, but yes, in that moment when you are able to reach that crescendo, you will have raised the frequency of your physical body to be able to step through the entrance, to be able to first ascertain where the entrance is directly, open it, and then step through it.*

*Q: Will the physical body be transmuted into more of a Light Body?*

**OWS:** Not so much a *Light Body*, but a facsimile of that, we would say, or the beginnings toward that. But not so that it will be permanent at that point. Just momentarily.

We are getting here from the James, he is sending us a book. It is the one where they had the manuscripts, they discovered the manuscripts—nine, ten manuscripts—*The Celestine Prophecies*.

He is sending this to us and it is certainly correct in that one of the manuscripts was speaking about the “disappearance”—the movement from one level of frequency and dimension even, into a *Higher Frequency* and *Higher Dimensional Frequency* at that point where they were able to disappear entirely from those who in that case wanted to bring them harm. They disappeared and those that were the bandits, or whatever you would call them, were not able to find them and see them, even though they were right in front of them. This is what we are speaking of.

If you have not read that book and you want to be a part of this expedition, this group, then it would be wise to know these things that we are speaking of, so that you can then take this information and expand on it from the guidance from within yourselves. Just as you were doing earlier when the James read from this reading and those of you here in the group were able to expand on this and receive the guidance that you were getting, which was coming from your *Higher Selves* predominantly. Does this answer your questions?

**Q:** *The Ketto Shaman in Peru say that we are moving from Homo Sapien beings to Homo Luminous. So will the discovery of these records be a conclusion to the next potential?*

**OWS:** Not a conclusion. No. But it will be a step. A very important step, because this group is being prepared.

We have said this many times. You have no idea yet how fully you are being prepared and what is yet coming, and the Power that you are now carrying. Each one of you. If you would but believe that which happened last night, as to be fully realized within yourself. As a full reality. For it did happen. You did receive the anointing. You did

receive the *Power of the Holy Spirit* or however you want to call it. The *Power of the Force*. The *Power of Source*. The *Power of the Comforter* coming over you. Whatever it might be. *The Power of Isis*. Anything you want to call it. But you did receive it.

You are now carrying that forward. You are no longer just anchoring the Light—you are now ready to spread the Light fully. Spread the Love. The Consciousness. And all of this was in preparation to the continuing of searching now for those records.

Always know as we say—first the records within. Finding those records. Finding those memories. Those remembrances. Remembering yourself in that procession in Lemuria. Remembering being in that circle. Raising your hands to the Heavens—to the Great Central Sun and chanting in one unison voice. Chanting that you are feeling these records forever until the time comes around again when those that placed the records can return to recover them once again.

And you, those of you, some of you within in this group, were those that were there. Many of you were there. We can tell you that. Many of you. This is why you have been drawn specially to this Group. Because this is the James' Mission here. To draw back, not only the 144,000, but to bring back those that placed those records, to bring them back together, so that this can go forward now.

It was ended somewhat prematurely twice now, in the sixties and then again in the early 2000, and We, of course, could not say anything or do anything to change that. That was their choice at that time.

But now you all have a choice to be a part of this *Grand Experience*, we will say. *Grand Experience!* The finale of those placing of the records long ago. But it is not the finale of all finales. There is so much more yet to come.

That is only a brief hint about what is yet coming, and it coincides directly with the *Event*. The pulse of energy—the *Event*.

In fact, we will tell you this. We are getting permission to say this. You, yourselves—ready for this? You, yourselves, as this Group, and going about this process, can actually serve to bring about the *Event* faster.

[*Group erupts in great excitement!*]

*Q: Getting the record, is that the Key to the Event to begin.*

*OWS: No, it is not the Key. For the Event will occur no matter what. But it is the Key as we are saying here to maybe speed up the process a bit—to have a portion of bringing about the Event a little bit sooner than it could be. You could directly affect the Events and unintended there. Okay?*

*Q: Because we raise the vibration? Do we shorten the time?*

*OWS: That is only relative based on what you are calling short. Your short is different than our short. Just as our soon is different than your soon.*

You always must remember, *We* are mostly, except when we are here in physical body here on the planet, we are mostly in a place of no time. You see?

That is also where you are moving toward. In that time-frame when you are able to reach that crescendo, you will then also move into that *Zero Point* that *No-Time Point* in that moment and reach the crescendo which is then that *90-degree Phase Shift* that is required to open the entrance.

*Q: I was feeling distinctively that \_\_\_\_\_ was one of us and it might be important or be very helpful to try to see if I can make a difference in having him wake up a little bit and come with us. Is this something that you think might have some value or can you tell me about that?*

*OWS: What we can tell you from this is if it is the right timing for this one to reach out and find himself or begin to remember who he is,*

then this is a possibility. But to push into this, we would say no. It is not for you to direct this one to move into any direction whatsoever. That is his choice entirely. And it must come in his own *Divine Timing*.

*Q: Can you tell me if he is one of us in this Group?*

*OWS: We cannot tell you at this point. No. This must come more as he would become involved here.*

*Q: Now I know going there is very strenuous. I would love to go.*

*OWS: We know what you are going to ask already, and we will answer you. You, My Dear Sister, you are not meant to go and go through something so strenuous. Although it is not so much from out point of view, it is not that bad.*

From the James, it is also not that bad.

From the JoAnna, may be another story.

So you must look at this from all points of view here. For you particularly, it is not so much that you are not ready for this. This would not be time for you. But, *and this is a BIG BUT people, okay?* You will certainly be a large part of this just by being who you are and where you are in the moment that they are there, because even though you will not be physically there with them, you can be there, and this goes for all that are not seen coming directly a part of this, you can all be a part of this, astrally, etherically, as they are going about it.

And as they are doing the chants down there and raising the crescendo, at the exact moment, and this moment will be given to you, you can then be also wherever you are joining in. You see?

You see how this can work as a Group, fully together? Working as One, in unison together...One Spirit working together on the same goal.

But the goal itself is not, even though James does not like hearing this —the goal itself is not finding the records. The goal is continuing the journey. You see?

And that was what you were going to ask, correct?

*Q: I am doing everyday cloud based on the Saint Germain book, Advanced Alchemy. Is there any advice for me to increase the Light in the clouds to the generic Light, or should I state twenty problems on the planet and then push that Light? Or any advice you can give me.*

**OWS:** We did not quite understand the full question here. You are speaking of Saint Germain's book on Alchemy?

*Q: Yes, and everyday, I am creating the clouds full of Light. Is there any advice for me how to increase the Power of the Light in general?*

**OWS:** Whenever you are working with the Light, it is important for you to know that *You* are the *Light*. You see? It is not manipulating anything outside of yourself. You are not manipulating Light outside of yourself or *Power* outside of yourself. Or even Elementals or anything of this nature outside of yourself. You are manipulating, or better yet, controlling the Elements within yourself. The Light is within each and every one of you. So do not think of it in terms of that it is coming from anywhere else but from within yourself. Does this help you?

*Q: I want to touch a little bit on what Rita Athena just said, because I feel how much she really wishes and how much she really wants to go, but I totally understand why she can't. I feel the same, like I just want to go, yet I just physically can't. So I feel like, "Oh my God, am I really contributing to this group?" I can't get to the Advances because of my situation here in England. I can't get to this wonderful, wonderful mission they are all going to go on, and I feel quite sad about it. Yeah, I do, I feel quite sad about it.*

**OWS:** My Dear, you have already come to the Advances. You have already been here with everyone. You have been one that has

awoken at all different times of your morning or whatever it might be, when others would be sound asleep, and you have gotten on the phone and have been a part of the connection with this Group. More than you can realize at this point—how much you have brought to this Group, and how much this Group has brought to you. So, you have been here.

As to being with those ones that are—we will use the word here and we do not want it to be misinterpreted though—but those that are chosen to go on this expedition, this experience, because it is largely a chosen experience. You choose it first, and then you see if it is possible for you to then be fully chosen to be a part of it.

It is by *Divine Timing*, and *Divine Calling* here. Do you understand this? We do not want you to misunderstand though. We do not want you to say, “Oh One Who Serves said that I can’t go.” Do not do that. Because we will never say you can or cannot go. But you will realize from within yourself whether you are meant to go or not. If you can hear the Voice within you, that wee small Voice within you, telling you, it will give you the understanding: “*Yes, you need to go.*” or “*No, this is not directly for you at this time.*” But you will participate at the levels that we have already set. Do you see?

**Q:** *Yeah, Yeah. I wish I could, I just want to go, that’s the thing.*

**Q:** *You can go in Spirit.*

**OWS:** You have a saying here, “*Wish in one hand and spit in another and see which one gets filled first.*”

[Raucous laughter from the Group]

**OWS:** Is that right? Wish all you want, but now comes the part of going beyond the wishing and the intention. If you were to intend to be here, and if that was fully your mission to be a part of this directly, then you will be. See how this goes?

**Q:** *Yeah, I do. What will be, will be. I guess. Thank you.*

**OWS:** Let it be. Yes.

**Q:** *I am going to slide in on the previous questions. I really want to go. And I am pretty physically fit, but I do have some knee injuries, a torn meniscus, and an injured ankle. I broke some bones in my foot. And I really want to go and I am very active, but I am wondering if the arduous trip would be too much for me to go?*

**OWS:** We will tell you this. If you need crutches, you cannot go.

[Laughter]

If you can walk, you can go. In that understanding. Do you see?

Notwithstanding also, there is time. In your understanding of time, you have time. You have time to not only rehabilitate yourself fully, but those of you that are somewhat lacking in the energy or the tendency to become winded and that kind of thing...you have much time to prepare yourself for this.

This includes this one we speak through. He is not in the best shape he ever was, and he knows it. And he knows that he must get on the stick too. See?

[Laughter]

Whatever it takes. If you want to be a part of this, then you will make it your intention. And just as those of you that think before you came to the Advance, before you agreed to, and you did your RSVP and all of that...you said, "*I don't know if I can get there. I don't know if I can afford it.*" and all of these things. But you made a way. You created a way. And wherever there is a need, you can create a way. You see, you must look at it in that respect.

Where there is a will, there is a way. But where there is no will, there is no way.

**Q:** *There is that or you sabotage your way.*

**OWS:** Or you sabotage your way. That is true.

**Q:** *I missed last night's session because it was the middle of the night for me. Will listening to the replay be good enough to receive the activation that everybody else received?*

**OWS:** We can tell you if you go into this with the intention of doing so, and the belief process is there, then the answer is "Yes." But we say many times, there is no time, and in this case we are talking of time and space. So there is not time and space here. There is only what you believe. Believing is seeing. Understand?

**Q:** *And I will find out from the replay where this trip that everybody is talking about is going to, because I don't understand?*

**OWS:** Yes, if that was recorded, you will find out about this and more information will be given over a time period here. Please understand, we are not dropping this anytime soon. This is going to become a part of this group expression and it will not be fully taking up all of your time, certainly. You will still have the program that you are on, but this will become a part of this expression, as those show more and more interest and the intention raises here within the group. And if it is determined that there are enough and the right ones to continue this part of the journey, then it will happen. As we are looking at this right now, in this exact moment, you are going and not only are you going, but you will be successful as we are seeing right now.

[Applause! Rejoicing!]

**Q:** Is it to South America?

**OWS:** It is in Mexico. Directly over the border from Arizona. More than that, we cannot give, and we must be careful here that not too much information is given out over your internet or even over your phone system here. We have to be careful. Never will there be a hint of where it is or anything and we will ask all of you to do the same.

Do not share any of this information as to hints that you receive or possible places where you will be.

Although James already knows where the location is. He already has that. All that needs to come now is the opening of that area where the entrance is located. The unlocking of the Seal. There must be the going in again of the permission of the Guardians. They will remember but you must call upon their permission again to open it up.

*Q: Okay, I was just in Mexico for three weeks, so I'm familiar with the territory. I just remembered as well...The Celestine Prophecy was made into a movie if somebody doesn't want to read the book, you can download the movie.*

**OWS:** Yes, that is correct, although the movie is not quite the same as the book in terms of that particular episode that we gave here. It is somewhat, but it is much more profound within the reading.

Are there any other questions here now before we release channel?

*Q: Last night was an experience that was somewhat different for me and I would love to know what that meaning was. I try not to nod out or phase out in the meditations, but sometimes it does that to me, I am just gone. Then I wake up and I'm back and there were times to what I heard last night was when Sananda came in and he took over and the next thing, I didn't remember anything about Mother Mary. I never saw her. I never heard anything. But instead, there was here, the roof opened up and a spaceship came in. It just fit into the house, and it was hovering in here. It was like a gray, grayish metal, not very shiny, and there was a Light Beam that came down and it came onto the people and I saw it. Then afterwards, when I came back, and I don't remember what time I came back, this had been uniting. So can you fill me in on this?*

**OWS:** Yes. What you saw was the Scout Craft, you might say, the smaller craft for Ashtar.

[Great Exclamation from the Group!]

**OWS:** We told you Ashtar was here. Sananda said, "Ashtar is here!" as well as many, many, many others. All the Angels, the Archangels, they were all a part of this. There was even as one of you said, there was a Rapper here.

[Great Laughter!!]

**OWS:** Just wanting to check out the scene.

[More Laughter!!]

**Q:** *What about the sarcophagus of Isis?*

**OWS:** What about the sarcophagus of Isis?

**Q:** *Before the anointment, I felt a release from energy, and there was a flying saucer, and the very first thing I saw was a blue sarcophagus coming over my head. And that was it. I saw it was Isis.*

**OWS:** We will say to you, Dear Lydia, you were certainly associated with those in the Egyptian Times with the Ra Collective. You have a connection with all of this. You with the one, Randy Joy here, and JoAnna, and many others here were a part of many different expressions and some of you were a part of this Ra Expression.

That being the ones that you know of now more fully as the Blue Avians that have come. And some call them the Guardians. But they are also different levels of Guardians, we can tell you. And you were a part of this. This is why you are seeing this, the sarcophagus from the Great Pyramid and other areas there as well as we are finding it. And you have the expression of the remembrance from this.

This is why you were seeing this. Because within that sarcophagus which you have been in before, not directly the one you are speaking of, but you have entered the sarcophagus before, and had great expansion experiences similar to what you were talking about earlier as we are finding from the James in the Ayahuasca and the Magic

Mushrooms and all of these kinds of things, similar to those mind-expansion experiences that can come about from this. Do you see?

Are there any other questions?

*Q: I have neuropathy real bad in my legs, but for the last two weeks I could hardly walk. Is that ascension or is my neuropathy getting worse?*

**OWS:** As we look into this, and we cannot give too much information on this. There are limits that we have here. Certainly we cannot invade or directly influence you in any way. In what is occurring with you is something that most often happens. You have brought forth a pattern from past life experiences, and you have brought this pattern into this life and it has created this situation that you have now in your leg. What are the symptoms of this in your leg?

*Q: Oh, I just have bad cramping and hurting. My legs have been hurting real bad.*

**OWS:** Yes. We could tell you this, exactly what the source of this is, but it would not serve your benefit here. Because we could tell you, but you must come to it on your own if you possibly can.

In other words, you can ask within yourself and ask for the answer that way. Or you can find someone that will do a Past Life Regression with you. And you will ask them or ask your Higher Self to take you back to a time where this pattern began.

It began in a warring situation, in a battle situation and you had an injury both to yourself and an injury that you created in another. The karma has carried forth from this, but it is a pattern that even at that time, you continued from a time before that, and a time before that. So it is a pattern that you are holding onto.

Now with that understanding, if you were able to fully understand what We are saying, you could then have the intention of that pain disappearing entirely. Because we have said many times here now that the karma from your past lives, for those of you, the

Lightworkers, those of you the 144,000, is over. But it is only over if you believe it is over.

So if you continue to have the programming there which is holding on to you here, then this pain will continue until you do something about it. You can go the direction—the route of the medical profession, but as you know, that only works with the symptoms. That will never take care of the source. But the source of this is already within you.

As a matter of fact, taking it further for all here, the source of all pain, suffering, all of that, is already within each of you. You only need to either find it, or just simply decide, it is gone! It is that simple. But your programming keeps it from being simple for you. It keeps it being very complicated. It keeps you thinking you need to take a pill for this and a pill for that, or go for surgery, here and there.

In many respects, what barbarism that is to open yourself up with surgical techniques. At times it can be helpful. But many times it is not necessary. It is only necessary because the programming continues to make you believe that it is necessary. And you stay within that.

As you continue to move up the vibrations, and we would say to you who have asked this question directly, there is another method that you can use here. That is, fully working on raising your vibrations regularly. Now we know that can be difficult within a pain situation, so first you must find a way to help to relieve the pain and then work on raising your vibrations as a regular occurrence each and every day, more and more and more. Then you will find that the pain will subside because it will no longer be there. In fact, it will be as if it were never there at all.

How's that for an understanding?

*Q: Does a person have to ask for Divine Dispensation in order to get that kind of clearing?*

**OWS:** If you are speaking of those that are out of the Lightworker community, as we say, the karma is already cleared. It is only within that one that they need to continue to work on that programming.

If you are speaking of those that are outside of this, that still may be involved in the wheel of karma here, then for them, you do need to ask their permission. Now you can ask their permission directly if you can, but if it is in a situation where they cannot answer you—for instance, we are finding that you had discussion about coming upon someone who was injured, say, on the side of the road here, and needs immediate attention. Do you wake them up out of their unconsciousness, which would be difficult to do, and ask them for permission? Or do you fully begin to work on them and assist them in any way that you can? In the case of say blood pouring out of them, put a tourniquet on them. Would that hurt anything? No, it would not. It could help that individual. Or whatever it might be.

So within this situation, this is how we are answering this. Within the given situation, you go within yourself and ask your own Higher Self how to proceed here. You can do that quickly in just a matter of seconds. Then administer whatever it is. But in the case we just gave, give immediate aid as you know how to do, and ask for assistance in doing so.

*Q: I was wondering if you could give me a clue, because I have a feeling that I have an upcoming mission and I really do not have a clue on what it would be and I would like to be prepared.*

**OWS:** Dear Gene, we are so thankful and glad that you have joined this group in the time-frame that you have done so now. You and your lovely companion there have joined with this program and in doing so, you received a message. You received a message directly from Saint Germain who is very close with you and has been watching over you for a long time here and has been waiting for the opportunity to begin to more fully communicate with you. That was the beginning of this.

And yes, he says it in a garbled message to you that it took the Moses...Moses? Interesting how that worked out. It took the Moses

here in your group to understand what that message was saying and largely he got it very close to being fully accurate, a little bit off here and there, but that is okay. So you have been drawn to this group purposefully. You have a mission. You have a mission beyond this group, but you have a mission also with this group in this communicating, and connecting with this group in the way that you have already begun here. Much yet to come. And if you are one who is wanting to be a part of this expression, of this expedition, or this Group going forward on this journey or working with the records, then you are one that is meant to do this. And that can be considered part of your mission within this group. More of that we cannot give you at this time.

We need to release.

Shanti. Peace be with you. Be the One.
