

"All of this is happening NOW, not in the future, not in the past but NOW" - Ashtar and OWS

"Ashtar" and "One Who Serves" channeled by James McConnell

(Note: these messages were given during our weekly Sunday Prepare For Change group in Phoenix, AZ on February 12, 2017)

"Ashtar"

I am "Ashtar". It is seldom that I come though this one, James, only two times before as we find it. That is for a reason. The one known as "James" is much more attuned to "Sananda". I am here now, in this time and this place, this moment because many of you, most of you are attuned to my energies and are a part of my command. The Ashtar Command.

Yes, my dear Rita was correct; I have many ships at my disposal. Many millions of ships. We are all standing outside of your atmosphere, watching and waiting for the moment to be given, the signal to be given. That we can begin to uncloak our ships. That we can begin to move down. To be a part of what is being called first contact.

That time, as "Sananda" has spoken of is nigh. It is fast upon you now. Many of you are feeling a sense of anticipation. Some, even for years here. But in these last days and weeks many of you have felt this anticipation rising. You have been feeling that something is just around the corner. Something is just outside eluding you at this moment.

You know that so many things are happening behind the scenes. Preparing everything for the moment, for the times where we, as the Ashtar Command, can be a part of this process. There are many of us preparing for this. This is what we came here for.

Many of you are up in our ships as well in your multidimensional selves and in your dream states are with us. You are preparing along with us. Preparing the time for when we can introduce ourselves to the world. The world in that moment will be transformed beyond your imagination.

I tell you now, as "Ashtar" and as "Sananda" looks over, we tell you, you are on the verge now of a great many changes, of a great many instances to occur. The mini-events leading up to the greater one. To the one when "Prime Creator" says, "NOW". When that occurs you will all be ready. You will all be ready.

You have been being prepared. Even those who do not know it yet, you have been. Deep within you the energies are stirring. Your chakra centers are expanding and growing. Your Pineal Gland is reawakening. Your DNA is being adjusted. It is being reconnected.

All of this is happening NOW. Not in the future. Not in the past but NOW. You are in this moment now. It is time for all of you to reach back. To understand who you are. Truly who you are. You are not just this body. You are the consciousness within this body. You are the God Consciousness within this body, the Source Consciousness. All have this. No one does not have this.

I love you deeply. All of you. Even those who are so close to me and yet so far. I reach out my arms now to you, to those of you who know me well. I reach out my arms now and envelop you,

feel your emotion, your love and the ONE-ness that is you.

All of my love be with all of you even those who are not attuned to me at this time. I assure you that in the not too far off future we will all be attuned together.

Peace and love be with all of you.

"One Who Serves"

Greetings to you. "One Who Serves" here.

That was a bit of an emotional experience, was it not? Do you feel this? Not only the lift that came from the Galactic Pulse but the love that came from "Ashtar"? Many of you are feeling this, we know this.

As he has said you are connected to him in many different ways. Many beyond your imaginations at this point. Many have been on the ships with him and are on the ships with him now. Many of you are commanders there. And you wonder, me a commander? I cannot even command my own family (laughter)

Yes, you are commanders on ships. Captains on ships. When the time comes you will assume your rightful place again. Whether you are captains or commanders or ambassadors or diplomats or whatever you might be. Know that each and every one of you has a connection to the Galactic Federation of Light. Each and every one, no exceptions.

We are ready now for questions. If you have questions we are alone here again, no "Ashira" with us. We do our best here.

Question: I was listening to President Trump in conference with the Japanese president. They talked about financial changes and a lot of other things happening sooner more than later. Can you respond to that?

Yes and yes, it is true. Very much true. He was alluding to certain things, yes without coming out and saying it because it is not yet time and the frequency is not quite there. All of this is in process and is going to occur just as we have been saying.

We have been saying these things over and over and over to you and yes, we like to hear ourselves talk but it is important to know that it is all for a reason. We are here to assist, to serve, to be of any help that we can. As we tell you these things are coming, they are. They are close in many respects. We cannot give you the order, how they are going to be or exactly when it is going to be because as of yet, no one yet knows. It is in the process. The probabilities are there for all of this to occur certainly in the year you are in and in the days, weeks and months here.

Does this answer your question?

We know one spoke about a dream and then it went to a lively discussion as we find it. Would you like to share that dream again?

Q: So my dream was in a group setting room and there was a particular person that I felt was my really close friend. He was of Indian descent (country India). I realized that he died and I was really sad. If you have any insight to that?

So many of the interpretations from earlier were right on. They had very much truth to them. Understand though that as you are moving through this transition that James and others have spoken of here you are going to experience a falling away of much of the old. Much of the familiar, much of what you have become accustomed to. Yes, even within the programming that you have had.

That is all to fall away and no longer be a part of your lives as you move further and further through this transition. And as you move closer and closer to the Ascension itself. We speak always as the ascension as being your process and we are all moving through this process.

So as you move through this you will find yourself having many dreams that shows the old falling away. The new is going to take over. So if there is one who is close to you who is of a mentor in nature, that one is going to fall away because all of you are going to be introduced to new mentors, new ones that are going to come in. They are going to share with you and when the frequency is right, they will share with you in a physical fashion.

They will be there. You will be there sitting cross legged from each other breaking bread, drinking wine, whatever it is that you want to do. Certainly we know one who will want to be there drinking wine and all of this. He is looking forward to those times as we all are. Even "Sananda" has spoken of this at times. Where he will sit with you and imbibe of all the celebration that is being prepared knowing that you have come from all of this previously.

In terms of those you have connections with in the Galactic realm, many of the Company of Heaven, the Ascended Masters and all of us. Those from deep below, the Agarthans as well. Everyone is getting excited for the great celebration that is close at hand here.

Do you understand this? But to all here, do you understand this? All is a process of moving on, not forgetting but moving on. Moving on into the higher vibrations, on into the higher states where you will let go of the old circumstances that have kept you tied to the illusion that has been created here.

Q: Is that why we felt the loneliness we talked about this week?

Very much so and for some it is going to increase even more as you feel it more and more. But again as "Sananda" has said you are acclimating to

this. You are not being thrown to the wolves directly. Little by little. They take a bite out of you here and let you go to take you back for another bite. Probably not the best group visualization here. (laughter) It comes from the bite of the elephant here. How do you eat an elephant? One bite at a time.

If all of these energies here came in at once, think about this. If the Galactic Pulse came in many years ago, let's say, it would be overwhelming to so many. Most of the world's population would not have been able to handle it. So it was held off, even from your 2012 time. The world was not ready for this only a certain population was ready at that time.

But as many of you know, your Higher Selves got together for a conference you might say and said let's wait. Let's give the others an opportunity to come along to the Light with us. That is what occurred and is still in the process today.

We can tell you that so many, many more are ready to change the consciousness of the planet and there individual consciousness as well. So that they have an opportunity to make a decision, make a choice about going along. You are not going anywhere but you are moving up in consciousness. This is what is important. You are reconnecting, remembering your Higher Self. And that you are your Higher Self.

Q: When I walk in the morning I see these waves of energy as they are coming in. As I walk I feel more and more like a puppet and the weakness extends and then begins to retract. What is that?

As this transition is happening all will feel those things in different ways. Some will feel a sense of weakness. Some will feel a sense of strength. Some will feel alone. All of these things will be a part of this at different times. As you move through these you will experience a greater vitality each time. So, allow it to be.

If there are sicknesses at different times, know that it will pass. Know that you are going to move through it. If you get bogged down into it, you go to your medical doctors and they want to perform surgery and all of these types of things then when you have an arm cut off, it is cut off. You see?

Bad expression again! You get the picture here. You see? Does this help here?

Q: I keep seeing not the event but a bigger event around the Spring Solstice. Any comment?

Yes. This is what we are speaking of and this will rock many of their worlds. Many who are not being prepared as you are. Not ready for this. There are so many out there who have no clue whatsoever of the truths that have been held from them. They will experience it at their level when this moment comes.

That will be the time for those who so desire to move into action and assist

in any way you can at those times. Those who have scoffed at you and said you have no idea what you are talking about will turn to you and say, "Well, maybe you were right all along".

Won't that be a wonderful time?

Q: So this is a bigger one. We were all awakened by smaller waves but this one will touch everyone. That is what I am seeing.

Yes. Maybe we can use this analogy, a little better here. Think of a pot of water and the water begins to boil. Begins to heat up rather. You see it begin to boil and you see it steam up. This is what you are going through now. You have been in the heating up process and now in the boiling process. Once you have had the boiling there will be steam coming up, the energy coming up. You as this energy, the consciousness rising up. You see?

Boy, cutting off arms, boiling in hot water. What is going on here? Some of you are probably coming on and saying, "These are Ascended Masters?" We cannot be this way. This is a joke. We can assure you we are very real. If you did not notice, I jumped in here. (much laughter as OWS #2 is here)

Are there other questions here?

Q: I have been hearing about the sun darkening between last Friday the 10th and the 25th. What can you say?

Well, we can say here, are you not already at the 10th? Yes, that's when this was supposed to start. Has the sun darkened? No...

You can still see the sun, right? Ones who are saying this are not quite correct. They are misunderstanding what can happen here. They are misunderstanding the time frame and amount of time it would be.

You have heard before of the three days of darkness. Three days and nights of darkness. This is also a possibility yet. But not having a major catastrophe or anything of this nature. It will be a part of the process if and when this does occur. So they were predicting ahead of time this idea of the sun being darkened here.

But also know that it is part of the Cabal's plan to not have the sun come through. As you know the Ascension happens through the sun, the Galactic Central Sun, the solar sun and these energies come into the Earth as part of the Ascension Process. This is what is needed. The Light must come in. They have done everything they can to hold off the Light.

Think about this, darkening the sun, they think they can do this? They do not have the technology to do this. There have been times in the past where a civilization could do something of this nature but it is not being allowed.

Q: I am concerned about a friend of mine. Is he all right?

He will be whatever he needs to be in the moment. That is all you need to be concerned about here. He is right where he needs to be, where he is at this particular moment. He is going through the transition here where the aloneness is coming in. This is what he is feeling in some respects. It is all part of the process.

Other questions here?

Q: Can you tell us more about the New Republic and how is to unfold?

What we can tell you is what we see in probability only. Based on this time in your time space now. That is a lot of ways to say now but anyway. It is as it is meant to be. All is being orchestrated. It is not Trump or Dunford or others are not going to be president or in charge of the Republic or anything of this nature because none of this matters at this point. Because all of this is part of the 3D illusion yet.

Now when the Republic is announced, that begins to change things. That begins the shift to consciousness of freedom. Freedom not only in this county but freedom in the world. Freedom of the entire planet. So that all can remember and be who they are.

This has been held back for some time but it is time for the veil to lift. Many more are seeing through the veil. Don't worry about Trump or others. The ones who are to be there will be ready when the time comes. OK?

We know it is not exactly what you wanted to hear. You wanted to hear that Trump is going to change the world. We cannot say that at this point. As of yet we do not know exactly how this is going to transpire. We just know that as everything is in this moment is happening for a reason and is exactly as it needs to be.

It is time to release channel. Continue on people with your everyday activities all that you do and be in the now at all times. Do not focus on the past. Let go of the past. The past is gone. The past is but yet a memory.

The here and now is where you are. The future that is ahead of you is grand indeed. Everything is being orchestrated and you are right where you need to be.

Shanti. Peace be with you. Be the ONE.
