

ANCIENT AWAKENINGS – PREPARE FOR CHANGE

Spring Advance 4/11/2019 – 4/15/2019

4-14-19 Sunday Morning Call, Part A

Mother Mary (Divine Mother), Maria Magdalena (Channeled by Regina Sisco)

We honor you and all that you do. We see you. We love you deeply. I love you deeply and cherish you. I am your mother. The Divine Mother. I embrace you.

Now, I am asking for the presence of Mary Magdalene to join us in our etheric stargate, asking each one of you to ask inside to ask for the presence of Mary Magdalene. Here she is. Nothing to do. Feel her love. She is another embodiment of the Divine Feminine here for us all. All this work that we are doing is bringing in the Divine Feminine to bring in the balance, restore balance back to the earth to humanity to support our ascension as we fulfill our mission.

Mary Magdalene

I am Mary Magdalene.

I am coming to you today to support these energies for Slovenia to return the Goddess energy to return the goddess ley line. That we do this in love, we do this in joy, we do this in honoring the Divine Feminine and the Divine Masculine within each of us. We are here. We are on the cusp. We are on the turning point.

For all that you do, for all the Light Workers, for the collective consciousness that has brought us to this magnificent point, to this beautiful time never experienced before, I want to extend my deep thanks, my deep gratitude, and my deep love to you. Thank you beyond measure.

I am Mary Magdalene.

Continuation of Stargate Opening Meditation with Regina Sisco:

Feel the love of these beings who have joined us today. Please thank them for sharing in this meditation for our intentions for this grand shifting of energies for all of humanity and the earth.

And now, we are going to move back down through the dimensions, moving back down from the twelfth dimension, down to the eleventh, moving down to the tenth, and to the ninth, still feeling the love, moving down to the eighth dimension, and to the seventh.

Your etheric stargate will stay around you and slowly fade away as your energy shifts, moving from the seventh, down to the sixth, from the sixth dimension to the fifth, and to the fourth dimension.

We are new humans. We are fourth dimension.

Please come back into your body, back to this presence moment, back to the room you are sitting in.

Thank you for participating.

Breathe. Breathe in, and breathe out. Come back into your body. Wiggle your toes. Wiggle your feet. Wiggle your hands as you come back in.

I just wanted to share that I will be doing another stargate meditation on Friday, April 19, 2019 at 7 p.m. Mountain Time (9 p.m. Eastern) and will send a link. I would love for who is ever ready to join me in another meditation to tap into this beautiful energy coming in.

Thank you, James, and everyone.
